Which day will be better to conduct "The biggest Battle of Brains" other than Birth anniversary of Dr. A.P.J. Abdul Kalam Unarguably Dr. Kalam was the most loved President, scientist who made India proud with his missile defence programme. But his favourite job was teaching and that's how he wanted the world to remember him. Dr. Kalam was indeed a gem the nation will treasure forever. It is only fitting that the world remembers October 15 has World Student's Day as a mark of respect to the man.
