

**ESHWARYA GUPTA**

2018-20

DIAS is a place where I spent the best time of my student life. It is a place where I gained enough skills and knowledge set which is needed to face the corporate world. I learned so many things and got exposure to the corporate world. SIIF and STF committees helped me a lot in enhancing my personality which helped me a lot during interview time. DIAS guides their students on to become a good leader, entrepreneur, and manager. DIAS was more than a college to me. It's a privilege to be connected to this institution. DIAS journey is unforgettable and will always be cherished by me.

**Ayushi Sharma**

2018-20

DIAS is a top college of IPU. Students get many opportunities to learn things and they help us to learn corporate etiquette. The faculty is highly qualified and experienced. They made every effort in grooming the students for the corporate world. Even during the times of Covid19, they helped us in every manner they could. The course curriculum does not just provide theoretical knowledge but also equips with practical exposure. The quality of placements has been superb. The placement cell actively works for students to get placed even during the times of Covid19. Top recruiting companies like S&P Global, Roc Search, Protiviti, and To The New, etc. visited our college for the placements. Almost 100% of the students got an internship from the college in 2019. Overall my college experience has been fantastic. I also excelled my expectations with grades and scored good marks.

2018-20

DIAS is a place where students are motivated not to just improve academics but to improve and add co-curricular activities as well. Even after having multiple societies, DIAS keeps on adding many others keeping in view the changing cultural environment and initiatives of students and thus creating a mutual relationship between students and institute. All the festivals are celebrated here with great enthusiasm and thus providing values to students. Also, the students are highly encouraged to participate in all the competitions whether organized by DIAS or any other college. The faculty members of DIAS are filled with knowledge, passion, and innovation that are always being transferred by them to their students. DIAS has really been ahead in placing its students, be it for internships or jobs. Even in these difficult times that have been led by 'COVID-19', DIAS has been bringing placement opportunities to the students which is commendable. Also the initiatives by students to help themselves as well as others are highly and positively supported by DIAS.

**Elina Raymond**

2018-20

DIAS has a well-equipped facility and good infrastructure. The green campus which is very well maintained and one of the best faculties are available to teach and guide students. Faculties are really very Supportive. Some of them have helped grow professionally as well as personally. Really happy to have them.

**Nahid Malik**

2018-20

The friendly environment, the systematic approach towards imparting education at DIAS made me a competent individual. The wide range of activities- both curricular and co-curricular- along with the support from DIAS has been really very helpful for my future. The faculty at DIAS is always approachable. In DIAS, we are trained for our placements and on account of that, I was placed in one of the reputed companies.. Today, if I am at a good position, it's because of what I have learned at DIAS. Lastly, I am proud to be a DIASIAN.

**Kaushal Gupta**

2018-20

In the field of knowledge and expertise, DIAS has the best teachers from various places in the country. There are some teachers who had corporate experience / entrepreneurial skills to enhance practical knowledge among the students. In my opinion, this Institute is best in knowledge and education. DIAS organizes various events throughout the year and every event is held under the guidance of our teachers and is managed by the students to enhance their management skills.

**Rupali Mittal**

2018-20

It's a privilege to get connected to DIAS, a place where I gained knowledge to a great extent and learned a lot of new things, best-needed exposure of the outside world, and confidence. The institute not only taught me how to be confident but also worked on my self-discipline, time management, and problem-solving aspects as some of the essential traits to start this beautiful journey of my career. I cleared all my interviews effortlessly and secured multiple placements in prestigious companies on account of the strong and solid foundation created by DIAS. I would really want to thank you for the support and encouragement which along the way has added to my personality both personally and professionally.

**Manika Sambhor**

2016-18

I feel proud to be MBA alumni of DIAS. I have got enough opportunities and exposure during my MBA. I was introvert and shy when I had joined DIAS but within few months of joining the course, I started experiencing the changes in my personality. DIAS gave me the platform to express myself. In every class, we had presentations which boosted my confidence. The faculty of DIAS is amazing and always encourages its students. It was my pleasure to be part of this institute which has changed my personality. I am working on a project with one of the Multi-National companies of Delhi where I train college students. I teach my students using the techniques and methods which I had learned from my faculties during my college days. I was awarded as the youngest Philanthropist of the year in an Alumni meet of DIAS. The infrastructure of DIAS is so clean and hygienic. I am grateful for everything and every experience of mine in DIAS.
